

GOSPEL VISION CENTER FOR PENTECOSTAL RENEWAL

Dear Partner in the Harvest,

For several years now, we have been holding training sessions and spiritual renewal services in our beautiful city of Troyes, in Aube, France. Christians from various evangelical denominations attend.

We are stunned by the hunger and thirst of these beloved believers who desire spiritual transformation in France, but not only in France! Groups are coming from Belgium and Switzerland. This is obviously the expression of great desire to see a move of God in Western Europe.

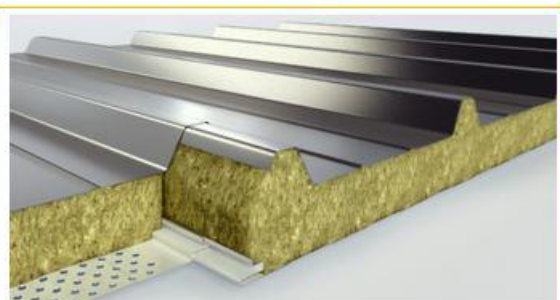

During these encounters, the Holy Spirit speaks to the people of God about renewed passion for the salvation of lost souls and increased desire for holiness. The Lord activates spiritual gifts and confirms His Word with healings, baptism in the Holy Spirit, repentance, etc. God is equipping His church; it's a fresh wind!

We started the meetings in our chapel which can accommodate 60 people. Over time, with an increase in the number of participants, we requested help from a church in our city which was quite happy to help, but we have already exceeded the capacity of that building, and renting a room in the city is too costly. To better accommodate those who attend the meetings, we have undertaken the project of converting part of our building into a conference room. We already have the building permit and are beginning work for a type “L” room, with a seating capacity of just over 300 people. By transforming the mezzanine into a seating area, we could then accommodate almost 500.

In 2018, we replaced our roof. This was an expensive project, but by the grace of God, we were able to raise the funds. Thanks to our faithful partners, we have a new roof. Now, we need to move forward and take steps to make the facility useful for ministry.

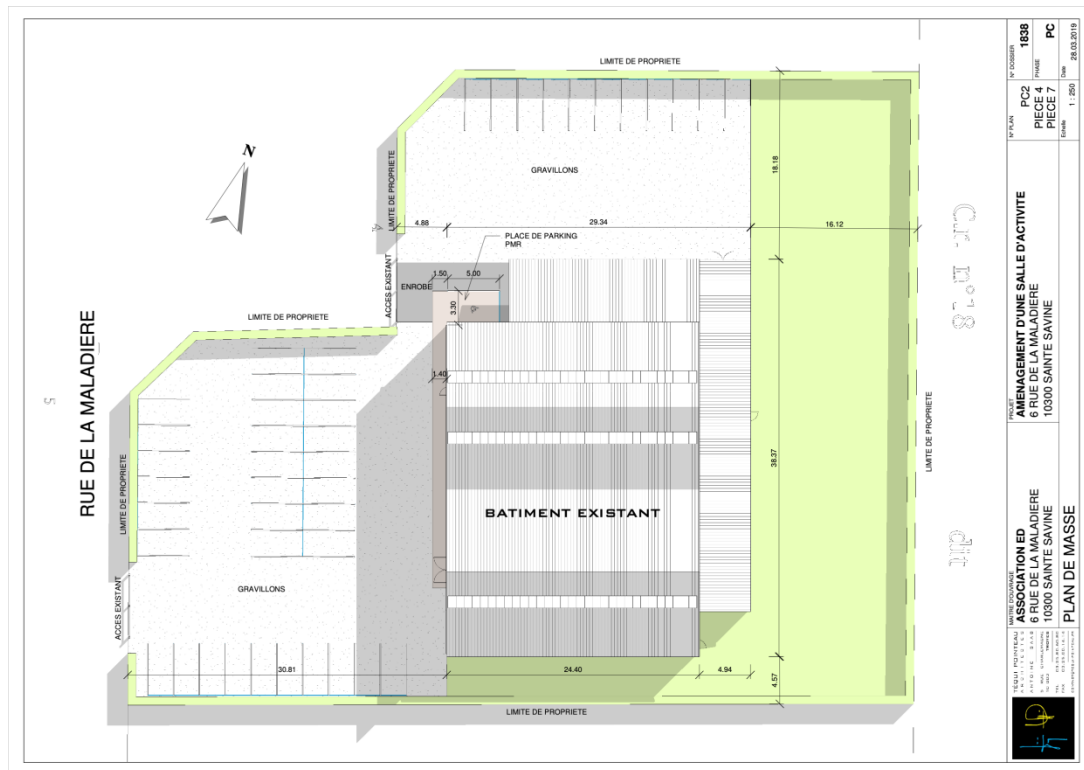

Our great desire is that this blessing would be a source of blessing for our nation of France, and for all French-speaking countries in Western Europe. We will be able to hold seminars, conferences, meetings, etc.

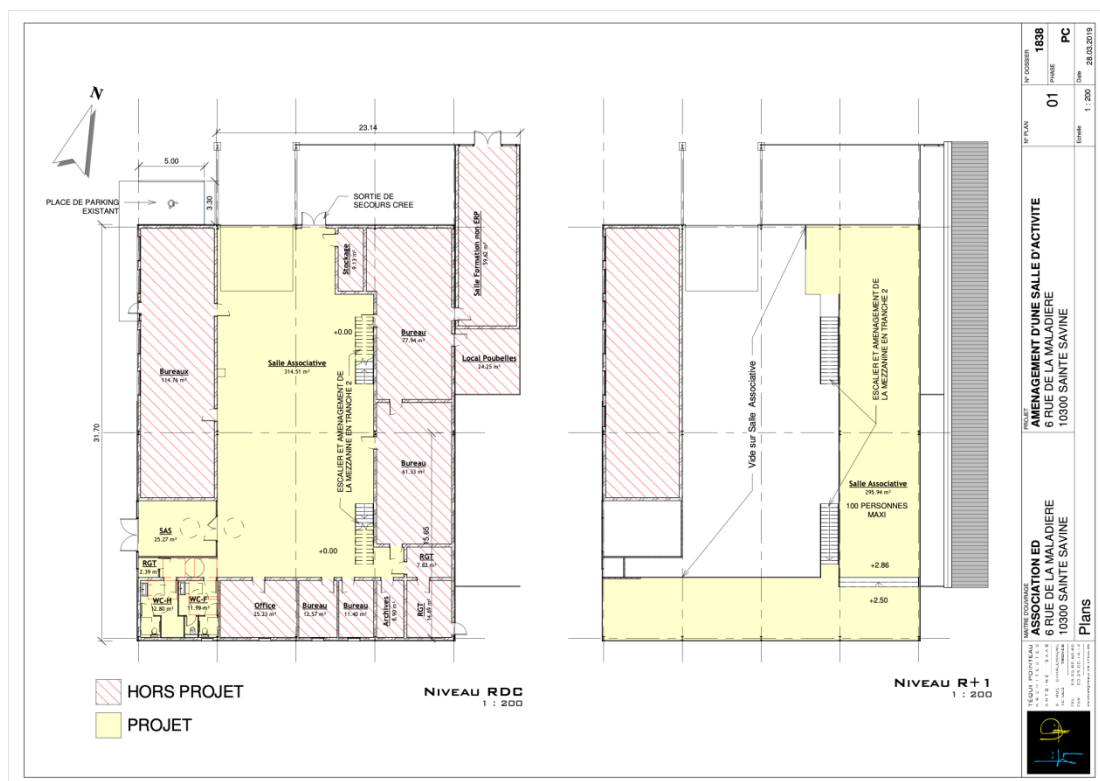

Here is the link which will enable you to see the interior of the building:
<https://youtu.be/OZSTA0LAhGc>

The great roof project (Fall 2018)

This building has an incredible potential, and the lot is large - 4 000m².

The Plan – in brief

In yellow, left, zone 1 (315 people)

Right, mezzanine, Zone 2 et Zone 3 (170 people)

I. THE POTENTIAL OF OUR CURRENT BUILDING

We are the owners of this building which contains:

- The offices of our team, employees and volunteers: 100m²,
- Three television studios with 7 platforms and 2 TV editing stations: 140m²,
- A publishing house (Printing and production): 60m²,
- One training room (65m²),
- Storage rooms (100m²),
- A wide mezzanine (290m²),
- Ground level covered parking area (330 m²),
- Area covered by awnings outside (180m²).

II. RENOVATION DETAILS

STEP 1. Obtaining a building permit with plans completed by an architect

Changing the purpose of the building into an ERP (allowing public access) required the services of an architect to obtain a building permit. Thanks to the support of several partners, we were able to pay these fees which amounted to 6 600Euros.

In August 2019, we obtained the building permit.

THE PROGRESS CONTINUES!

PHASE	ITEM	PURPOSE	COST IN EUROS
1	Architects fees	Building permit for a public access building and security requirements	6 600 Euros
2	“Socotec” review	Assuring the building conforms to security and handicapped accessibility norms	7 000 Euros
3	Insulation and drywall	Fibreglass insulation for walls, sound insulating and fire-resistant drywall	38 500 Euros
4	Building storage area	Plans to be completed soon.	Estimate pending
5	Handicapped access toilets	Plans to be completed soon.	Estimate pending
6	Building “SAS” entry	Installing 2 “SAS” bay windows, one wall, upper ceiling and drop ceiling	20 000 Euros
7	Railing for stairs and mezzanine, elevator	45 linear meters of safety railing and 2 exit stairways, 140cm wide	20 000 Euros
8	Heating, air conditioning and ventilation	Installation of outdoor appliances, reversible heat pumps, and air distribution fans	60 000 Euros
9	Renovating floor	Grading and installation of PVC flooring, large entryway (required for public buildings)	10 000 Euros
10	Sound and acoustical equipment	Sound and stage monitors – ALREADY DONATED 300 chairs - 6000 Euros Acoustic Sound absorption panels : 8 000Euros	14 000
11	Parking lot and driveway allowing handicapped access	Plans to be completed soon	Estimate pending
ESTIMATED TOTAL COST			176 100

Funds have already been obtained for **rows shaded in gray**.

Therefore, we still need **124 000 Euros** to reach our goal.

THANK YOU in advance for your support. Everything has been placed in the hands of our Great God. By His mighty arm, God has opened up the Red Sea, stopped the Jordan and caused the walls of Jericho to fall.

He is the God who can do everything. Nothing is impossible for Him. Where God guides, God provides. Our only desire is to consecrate our lives and all He has entrusted to us to His service so that the Gospel may advance in our country, in Europe, and in the world.

THANK YOU for your prayers, and also for your financial support.

“Therefore, my dear brothers and sisters, stand firm. Let nothing move you. Always give yourselves fully to the work of the Lord, because you know that your labour in the Lord is not in vain.”

1 Corinthians 15:58

Together, let's win the battle for an outpouring of the Holy Spirit in the French-speaking nations, and the salvation of all those around us.
